D1. How to identify pharmacies in Blue Cross Community MMAI’s network

Along with retail pharmacies, your plan’s network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You are not required to continue going to the same pharmacy to fill your prescriptions.

D2. Long-term supplies of prescriptions

- Mail-Order Programs. We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- 90-Day Retail Pharmacy Programs. Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.
E. Blue Cross Community MMAI's network pharmacies

When finding a pharmacy, the list is arranged in the following order: Mail-Order Pharmacy, Chain Pharmacies, Retail and chain pharmacies, Long-term care (LTC) pharmacies, and Home infusion pharmacies.

- County first (in alphabetical order)
- City after county within county (in alphabetical order).

You can go to any of the pharmacies in our network.
Mail-order pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program. The Centers for Medicare & Medicaid Services (CMS) requires AllianceRx Walgreens Prime to get your permission for prescriptions that you did not personally request. This rule affects prescriptions we get directly from your doctor.

Typically, you should expect to receive your prescription drugs within 5-8 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at: (888) 277-5475, (TTY users: 711).

To learn more about mail order pharmacies, see Chapter 5 of Member Handbook.
