- This Directory lists health care professionals (such as doctors, nurse practitioners, and psychologists), facilities (such as hospitals or clinics), and support providers (such as Adult Day Health and Home Health providers) that you may see as a Blue Cross Community MMAI member. We also list the pharmacies that you may use to get your prescription drugs.

- We will refer to these groups as “network providers” in this Directory. These providers signed a contract with us to provide you services. This is a list of Blue Cross Community MMAI’s network providers for Cook, DuPage, Kane, Kankakee, Lake, and Will counties.
The list is up-to-date as of January 1, 2021, but you need to know that:

- Some Blue Cross Community MMAI network providers may have been added or removed from our network after this Directory was published.

- Some Blue Cross Community MMAI providers in our network may no longer be accepting new members. If you are having trouble finding a provider who will accept new members, call Member Services at 1-877-723-7702 (TTY: 711) and we will help you.

- To get the most up-to-date information about Blue Cross Community MMAI’s network providers in your area, use the Member Services website or contact information at the bottom of the page.

Doctors and other health care professionals in Blue Cross Community MMAI’s network are listed on pages 16-7483. Pharmacies in our network are listed on pages 7484-7923.

- To report any mistakes you find in this Directory, e-mail MMAI_inquiries@bcbsil.com or call Member Services using the information at the bottom of the page.

B. Providers

B1. Key terms

This section explains key terms you’ll see in our Provider and Pharmacy Directory.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, dental and vision providers, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan’s network are called network providers.

- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.

- A **Primary Care Provider (PCP)** is a
  - Physician (Internal Medicine, Family Practice, or Geriatrics);
  - Advanced Practice Nurse (APN);
  - Nurse Practitioner (NP);
  - Women’s Health Care Provider (WHCP) or;
  - Physician Assistant (PA)

  who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
● You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your PCP must give you approval before you can see someone that is not your PCP. If you don’t get a referral, Blue Cross Community MMAI may not cover the service.

  - Referrals from your network PCP are not needed for:
    - Emergency care;
    - Urgently needed care;
    - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; or
    - Services from a women’s health specialist.

  - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.

  - More information on referrals is available in Chapter 3 of the *Member Handbook*.

● You also have access to a **Care Team** and a **Care Coordinator** that you help choose.

  - A **Care Coordinator**, working closely with you, will lead your Care Team and develop a Care Plan that helps you manage your medical, behavioral health, long-term supports and services, and social and functional needs.

  - Your **Care Team** can consist of a:
    - Physician (PCP and Specialist)
    - Behavioral Health Provider
    - Social Worker
    - Pharmacist
    - Homemaker
    - Adult Daycare
    - Therapist
    - Community Resources (e.g., church members)

Everyone on the Care Team, led by the Care Coordinator, works together to make sure your care is coordinated. This means that they make sure your providers are aware of care you get, medicines you take, and that tests and labs are done once and the results are shared with the appropriate providers. Your Care Team will also assess your needs to determine if you need help in other areas besides health, such as physical or social needs. Your Care Team will be in contact with you as often as needed depending on the Care Plan that you help develop.
B2. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members. First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP if:

- You are pregnant;
- You have a chronic health condition;
- You have a disability or
- You have a special health care need

You can call Member Services to ask if a specialist can act as your PCP.

To choose a PCP, go to the list of providers on page 121 and choose a provider:

- that you use now, or
- who has been recommended by someone you trust, or
- whose offices are easy for you to get to.

If you want help in choosing a PCP, please call 1-877-723-7702 (TTY: 711), we are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. – 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. Or, visit bcbsil.com/mmai.

If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask before you get the service or care.
B3. Long-term services and supports (LTSS)

As a Blue Cross Community MMAI member, you may be able to get long-term services and supports (LTSS), such as nursing home and home and community-based services. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

B4. How to identify providers in Blue Cross Community MMAI’s network

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Directory on page 8.

You must get all of your covered services from providers within our network. If you go to providers who are not in Blue Cross Community MMAI’s network (without prior authorization or approval from us), you will have to pay the bill.

A prior authorization is an approval from Blue Cross Community MMAI before you can get a specific service, drug, or see an out-of-network provider. Blue Cross Community MMAI may not cover the service or drug if you don’t get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Blue Cross Community MMAI gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. To change your PCP call Member Services at 1-877-723-7702 (TTY: 711). We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. – 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. If you ask us to change your PCP anytime during the month, you may see your new PCP the first calendar day of the next month. For example: If you call on April 13, you may see your new PCP on or after May 1. Please care from your current PCP until the change takes place.

- Blue Cross Community MMAI works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.

- If you need to see a provider and are not sure if they offer the accommodations you need, Blue Cross Community MMAI can help you. Talk to your care coordinator for assistance.
B5. How to find Blue Cross Community MMAI providers in your area

The directory includes hospitals, physicians and other providers participating in Blue Cross Community MMAI network. Please refer to the Table of Contents for section names. Each section is organized alphabetically by county.

Within each county, the city and/or physician names are listed in alphabetical order along with the address and phone number. For the most updated provider information, please visit our Provider Finder® at bcbsil.com/mmai.

While every provider listed in the directory participates with Blue Cross Community MMAI, not every provider listed will be accepting new patients. Although Blue Cross Community MMAI has identified those providers who were not accepting patients at the time this directory was created, the status of any physician’s practice may have changed.

For the most current information regarding the status of any physician’s practice, please contact either the physician or the medical group you have selected at the phone number listed in this directory.

B6. List of network providers

This Directory of Blue Cross Community MMAI’s network providers contains:

- **Health care professionals** including, for example, primary care physicians, specialists, mental health providers, and dental and vision providers
- **Facilities** including, for example, hospitals, nursing facilities, mental health facilities, and supportive living; and
- **Support providers** including, for example, adult day services, consumer-directed services, home-delivered meals, and home health agencies.

Providers are listed in alphabetical order by last name. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

*Cultural competence training* is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.
